Reading this right now, but thought you shouldn't wait to see this.

Will get back to you if needs be today.

Thanks,

Chris

Subject: Fw: Conformity? - Fw: NPL review of chapter 2 alternative B and Chapter 3 - Tim's Preliminary General Conformity Comments

Hi Chris and Scott,

I have prepared a draft version of my potential comments for the BLM, but did not put them in the comment matrix as I would like feedback/suggestions first. Also, I believe we should run these general conformity comments by Tom Coda (OAQPS) and Sara Lauman (8ORC) before sending them on to BLM. Attached below are my preliminary comments:

Please note, that for my comment #3, that refers to/addresses the permitting of drilling rigs, under Draft comments for section 3.2.2.2 General Conformity for Ozone; please see the below attached .pdf file of Encana's "voluntary" drill rig permit:

Please let me know if there are questions and to discuss.

Thanks!

Tim

Subject: Conformity? - Fw: NPL review of chapter 2 alternative B and Chapter 3

Hey Tim,

Per my request of a few minutes ago - here is the conformity language pasted out of their draft chapter 2, on page 2-5 and 2-6 (in case this format is too hard to read - as it is for me)

Referred to BLM

Referred to BLM

Here's what they have from Chapter 3, page 3-5

Referred to BLM

Referred to BLM

Because the SIP for the Sublette County ozone nonattainment area is not scheduled to be developed by the Wyoming DEQ until 2015, compliance with the future SIP provisions, including an annual review of conformity, will need to be addressed during the development period of the NPL Project.

Thanks so much Tim!

Chris

Chris, Attached find Chapters 2 (Alternatives) and 3(existing Conditions) of the preliminary DEIS for the NPL project. We only have 2 weeks for the review. Because of the short review time please limit your comments to more substantive elements (note one special area is general conformity)...Please have your comments back by Feb 20. Thanks.
